Behaviour
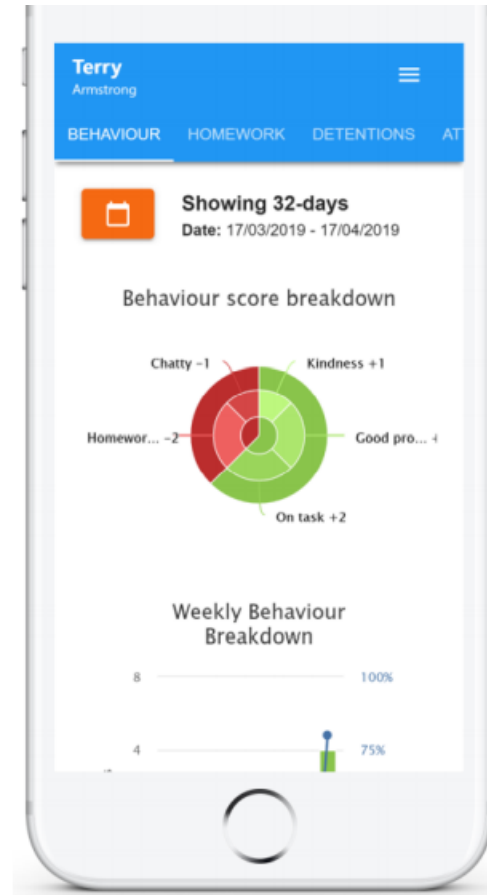

Viewing behaviour

you will see the Behaviour tab when viewing pupils from that school.

Selecting this tab will display multiple graphs which represent an overview of your child's achievement and behaviour data within a customisable timeframe.

By default, the displayed date range is 31 days To view a different range of behaviour data, click on the Date button to select from the available presets or create your own custom date range.

Below these graphs you can find a list of behaviour activity relating to your child. These display the behaviour that was awarded, when it was awarded, who awarded the behaviour, the lesson the behaviour was awarded in, and how many points the award is worth.

The level of detail within each behaviour award depends on the settings that your school has enabled.

If you are concerned about a log…

- In the first instance, please contact your child's Form Tutor.

- Please be aware that many staff will see over 250 students a week so a subject-by-subject conversation over everything that is logged will not be possible.

- Please be reassured that if there is an emerging concern about negative behaviour, your child's tutor, Head of Year or a member of the schools Behaviour Team will contact you.
