

COVID Tests

If your school has decided to allow parents to view and / or record COVID test results, you will see the [COVID Tests](#) tab when viewing pupils from that school.

Selecting this tab will display a list of your child's [COVID test results](#). Depending on your school's set up, you will be presented with test results that were recorded by yourself, your school, or both.

If your school has granted you with permission, you can submit your own test results via the [the Report new COVID test](#) button.

A form will appear, allowing you to enter [when](#) the test was taken, the test [barcode](#), whether or not your child was showing [symptoms](#), the [result](#) of the test, and any additional [notes](#).

Once you've finished, click on the [Submit](#) button to submit the COVID test result.
